### **Police fire tear gas into angry New Jersey concert crowd**

(USA Today) A major hip-hop and R&B concert erupted into violence that included New Jersey State Police lobbing tear gas at concertgoers who were throwing bottles at police in the parking lot. Witnesses say the disturbance began around 7 p.m. Sunday due to an altercation between concertgoers. That's when officials shut the gates to the show, the Hot 97 Summer Jam at the MetLife Stadium in East Rutherford, causing a logjam of people at the MetLife gate, which in turn led to metal barriers being toppled and thrown. After concertgoers began throwing bottles in response, police then took up a defensive V-shaped position in front of the stadium gates as a barrage of bottles pelted the officers. An armored State Police vehicle came into the middle of the crowd and activated a piercing alarm to try to disrupt the crowd of about 1,000 people. The crowd ultimately dispersed about 10 p.m., three hours after the disturbance began. A police spokesman, Sgt. Gregory Williams, told The Associated Press that additional troopers were sent for "crowd control" and that arrests had been made. "This evening, security personnel at one of the entrance gates to MetLife Stadium were confronted by crowds attempting to illegally enter the sold out Summer Jam concert by climbing over fences and forcing their way through security personnel," the New Jersey State Police said in a statement on their Facebook page. "The gates have been shut and troopers on site have called for assistance from several nearby stations to help maintain order.

### **G7 summit: Climate and extremism lead day two talks**

(BBC) Climate change and terrorism are top of the agenda on the second day of the G7 summit of economic powers in Germany. Chancellor Angela Merkel wants the group to reach an agreement on limiting global temperature rises. She is also calling on the G7 members to contribute to a fund for poor countries suffering the worst consequences of climate change. There are also talks on the threat from radical extremism with the leaders of Nigeria, Tunisia and Iraq. The summit is being held at the picturesque Schloss Elmau hotel in Kruen in the Bavarian Alps. The leaders of the US, UK, Japan, France, Canada and Italy are attending the talks, hosted by Ms. Merkel. The first working session on Monday focused on climate and energy, with Chancellor Merkel trying to get leaders to agree to keeping temperature rises within 2C of pre-industrial levels. She is hoping to secure commitments from her G7 guests on tackling global warming to build momentum before a major United Nations climate summit in Paris in December. G7 leaders were then joined by Iraqi PM Haider al-Abadi, Nigerian President Muhammadu Buhari and Tunisian President Beji Caid Essebsi to discuss the threat posed by groups like Islamic State (IS) and Boko Haram. On Sunday, Prime Minister David Cameron said the UK was sending an extra 125 military trainers to Iraq to help in the battle against IS, describing the militants as "the biggest threat" G7 leaders had to address. IS continues to control large swathes of Iraq and Syria despite being the target of a US-led air campaign against them. In Nigeria, a similar regional battle is being fought against Boko Haram militants who have carried out attacks since 2009 to try to create an Islamic state.

# **SITUATION SUMMARY**

## **Low / Dry Production Well, Arbuckle, Colusa County**

- The Cal OES Inland Region Duty Officer advises that a fully occupied housing development of approximately 50 homes in Arbuckle, Colusa County has a dry or a low production well.
- The housing association has been providing drinking water and on 06/07/15 the Fire Department was called in to assist.
- The County was unaware as the housing association had not advised Environmental Health or OES.
- The City of Williams Fire Department has a water tanker on standby in case of a fire.
- If the residents need additional potable water Colusa County OES has a potable water tanker available for immediate response.
- Colusa County OES will meet with the water association to find out details and will submit a WebEOC update today.

## **Fox, Vegetation Fire, Mormon Bar, Mariposa County**

Location: Ben Hur Road x Foxfield Lane, south of Mormon Bar, Mariposa County

Jurisdiction: SRA

Start Time: 06/07/2015 at 1208 hours

Per CALFIRE and Cal OES Duty Officers as of 06/07/15 at 2125 hours:

- 24 acres, 20% Contained
- Per the Cal OES Fire Duty Officer:
  - Aircraft has been placed on a load and hold and the forward rate of spread has been stopped.
- Per the Cal OES Law Duty Officer:
  - All evacuation orders have been lifted. The area is open to residents only.
- Per the Cal OES Inland Region Duty Officer:
  - The Evacuation Center has been closed.

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- 06/07/2015 Incident Command Post (ICP) Executive Summary attached.

## **Proclamations**

- Governor Brown Proclaims a State of Emergency in Santa Barbara County to Assist Oil Spill Response.
- <http://gov.ca.gov/news.php?id=18967>
- A Proclamation from Santa Barbara County has been received. The County is not requesting CDAA at this time.
- On 05/22/15 City of Goleta submitted a Proclamation of Local Emergency. The City is not requesting CDAA at this time.
- On 05/23/15 the University of California Santa Barbara submitted a Proclamation of Campus Emergency with no requests at this time.

## **Activations**

On 05/27/15:

- The State Operations Center is activated at Level 1.
- The Southern Region Emergency Operations Center (REOC) is activated at Level 1.
- Santa Barbara EOC is activated at Level 1.
- The ICP, is located at 461 S. Fairview Ave., in Goleta, and has an Operational Period of 48 hours: 0700 to 0659 hours
- Ventura County OA EOC is activated at Level 1.

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

### **Deployments**

- Unified Command
  - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
  - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
  - Local on Scene Coordinator: Santa Barbara County Office of Emergency Management (OEM).
  - Tribal Coordination: Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.
  - Responsible Party: Plains All American Pipeline LLC.
- Cal OES Deployments
  - Two ESC's from Cal OES Southern Region, Ports and Harbor Representative
  - Two ESC 's from Cal OES Southern Region, Agency Representative

### **Responding Agencies**

#### **Federal**

- USCG, Pipeline and Hazardous Materials Safety Administration (PHMSA), EPA, US Fish and Wildlife, and NOAA.

#### **State**

- Cal OES, CA State Parks, Cal OSPR, CA Fish and Wildlife, Cal Volunteers, CA Department of Transportation, California Highway Patrol , University of California Santa Barbara and California Coastal Commission.

#### **Local**

- Santa Barbara County OEM, Ventura County Sheriff's OES, Santa Barbara County Fire Department, City of Santa Barbara, Santa Barbara County Sheriff , Gaviota Police Department, Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.

# SITUATION SUMMARY

## SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

### • **Response and Clean Up Efforts**

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- An investigation of the shoreline has revealed approximately 51.70 miles of shoreline impacted by the oil spill. Total shoreline area impacted by the oil spill is approximately 40.30 miles. Impacts to the shoreline have been identified as follows:
  - As of **06/07/15 at 1800 hours**, offshore skimming operations resulted in 0 gallons of oily water mixture being collected, making the cumulative total of 14,267 gallons since the initial notification.
  - Four Shoreline Clean-up Assessment Teams (SCATs) have been surveying shoreline to assess extent of impact. Most areas are under 30% coverage.
  - As of **06/07/15 at 1800 hours**, the following has been collected onshore:
    - 660 cubic yards of oiled sand
    - 660 cubic yards of oiled vegetation
    - **360** cubic yards of oiled debris/PPE
    - 3,840 cubic yards of oiled soil
    - 70 cubic yards of culvert soil
    - **180** yards of absorbent
  - A majority of the onshore oil impacts exist on beaches, cobble, riprap, and on rock faces between Arroyo Hondo (Santa Barbara County) and El Capitan Beach. Light oiling has been discovered as far as Point Mugu (Ventura County) to the east and 2 miles west of Arroyo Hondo to the west.
  - As of 06/07/15 at 0800 hours, approximately 79.71 miles of shoreline was assessed, of that:
    - 3.97 miles was heavily impacted
    - 18.23 miles was moderately impacted
    - 24.13 miles was lightly impacted
    - 4.68 miles was very lightly impacted
    - 21.68 miles was reported with tar balls
    - 7.02 miles was identified with no impact.
  - To date, the total miles of impacted shoreline are, 72.69 miles.
  - Chumash Tribal Members continue to provide cultural and archeological guidance and oversight as needed. As of 6/06/15 at 1900 hours 54 cultural monitors and 10 archeologists are supporting the response.

### **Wildlife**

- The Oiled Wildlife Care Network (OCWN) continues to conduct wildlife monitoring and recovery efforts.
- As of **06/07/15 at 1800 hours**, CDFW reported 60 birds captured, **156** birds dead for a cumulative total of **216** Birds; **45** mammals captured, **83** mammals dead for a cumulative total of **128**.

# SITUATION SUMMARY

## SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

### Resources

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- As of [06/07/15 at 1800 hours](#), there are a total of [1,187](#) personnel from all organizations currently responding to the incident. There are [101](#) personnel in the ICP, [1,086](#) in field operations.
- There are currently [8](#) vessels being utilized to perform boom, skimming operations, and decontamination offshore. Vessels not currently in use are being staged in the Ventura Harbor.
- There are 2 contracted aircraft (helos) deployed to this incident.

### Public Information

- Joint Info Center (JIC) has been established.
  - JIC WEBSITE: <http://www.refugioresponse.com>
  - Future media inquiries regarding Refugio State Beach oil spill should call: **805-770-3682**.
- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill: 1-866-753-3619.
- The Community Relations Unit is drafting a proposal for a roundtable discussion with key stakeholders of the Santa Barbara business community to include the Chamber of Commerce.

### Volunteers

- California Volunteers is leading the efforts to coordinate spontaneous volunteer activities related to the Refugio Incident. Volunteer activities are currently on hold. Cal Volunteers will continue to monitor the situation and identify any additional opportunities for volunteer beach cleanup events.
- The public can assist by visiting this website <https://calspillwatch.dfg.ca.gov/Spill-Archive/Refugio-Incident/Volunteer> or by reporting oiled wildlife by calling 877-UCD-OWCN (not a volunteer line).

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

### **Hurricane Blanca**

- Hurricane Blanca continues to move north along the Baja Peninsula. This storm is expected to weaken to a tropical depression along the peninsula. The remnant moisture from this storm will be directed northward into the desert southwest however confidence is still low in exactly where the bulk of this moisture will go. There is potential for widespread precipitation from steady rain or showers and thunderstorms. The probable location for the below impacts will be areas southeast of I-15, however chances for these impacts exist over the entire region. The array of potential outcomes with this system range from little activity, to widespread steady rain, to widespread thunderstorms with life-threatening flash flooding.

### **Heat Advisory**

- The recent cooler than normal weather will be replaced by very warm to hot readings today, 06/08/15 for most inland locations. In light of the recent string of cooler than normal days, many people may be caught off guard by the warm-up. Widespread mid 80s to mid 90s are expected with a few spots into the lower 100s through this afternoon and evening. Most inland locations and the South Bay will be impacted; however, this does not include the city of San Francisco.
- A heat advisory is now in effect for the following: Alameda, Contra Costa, Marin, Monterey, Napa, San Benito, San Mateo, Santa Clara, Santa Cruz, and Sonoma Counties.

### **Fire Weather Watch**

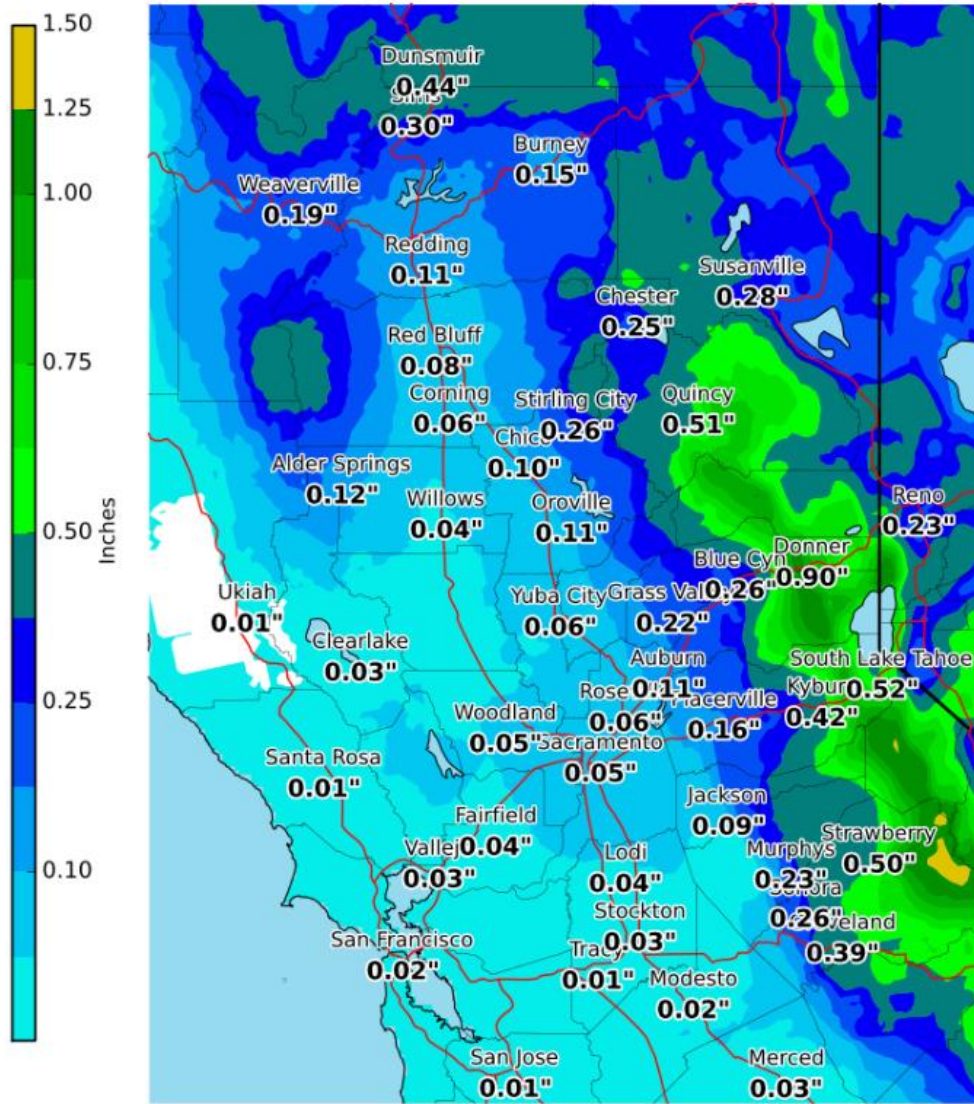

- Fire Weather Watch is in effect from Tuesday morning through Tuesday evening for areas in Siskiyou County.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

An upper low will move across central California by the middle of the week bringing increasing chances for showers and thunderstorms across the interior Monday through Wednesday. High temperatures across the interior will be well above normal through the coming week while near seasonal temperatures will persist near the coast.

#### **Medford Weather:**

Initially, Monday looks to be too dry and stable for much if any activity, but the strong surface heating will overwhelm the top warm layer and isolated activity will develop this afternoon, primarily over Siskiyou County.

#### **Reno Weather:**

Warming and drying trend continues today as a ridge of high pressure builds over the Pacific Northwest. Above normal temperatures persist through Tuesday. Another low will bring potentially severe thunderstorms Tuesday and more widespread showers on Wednesday. Dry and warm conditions return for the end of the week and weekend.

#### **San Francisco Weather:**

A thermal trough at the surface and ridging aloft will allow temperatures to rise well above normal today triggering a heat advisory for inland areas. An approaching upper level low will introduce slightly cooler temperatures as well as a chance of showers and isolated thunderstorms Tuesday and Wednesday.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

Hot temperatures are expected through Tuesday. Isolated thunderstorms possible near Sierra Crest Monday, but dry over valley. There will be increased chances for showers and thunderstorms Tuesday and Wednesday.

#### **Hanford Weather:**

A ridge of high pressure aloft will bring well above normal temperatures to the central California interior today with only a slight chance of afternoon thunderstorms near the Sierra Crest. A northward influx of tropical moisture will increase thunderstorm possibilities throughout the district Tuesday through Wednesday with a continuation of above normal temperatures.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Warm conditions are expected today as high pressure builds. For tonight and Tuesday, low pressure will approach the area and entrain moisture from the remnants of Tropical Storm Blanca. This will result in a chance of showers and thunderstorms over the area late tonight and Tuesday. On Wednesday, dry conditions are anticipated except for a slight chance of showers and thunderstorms over the mountains. Dry and seasonable conditions are expected Thursday through the weekend.

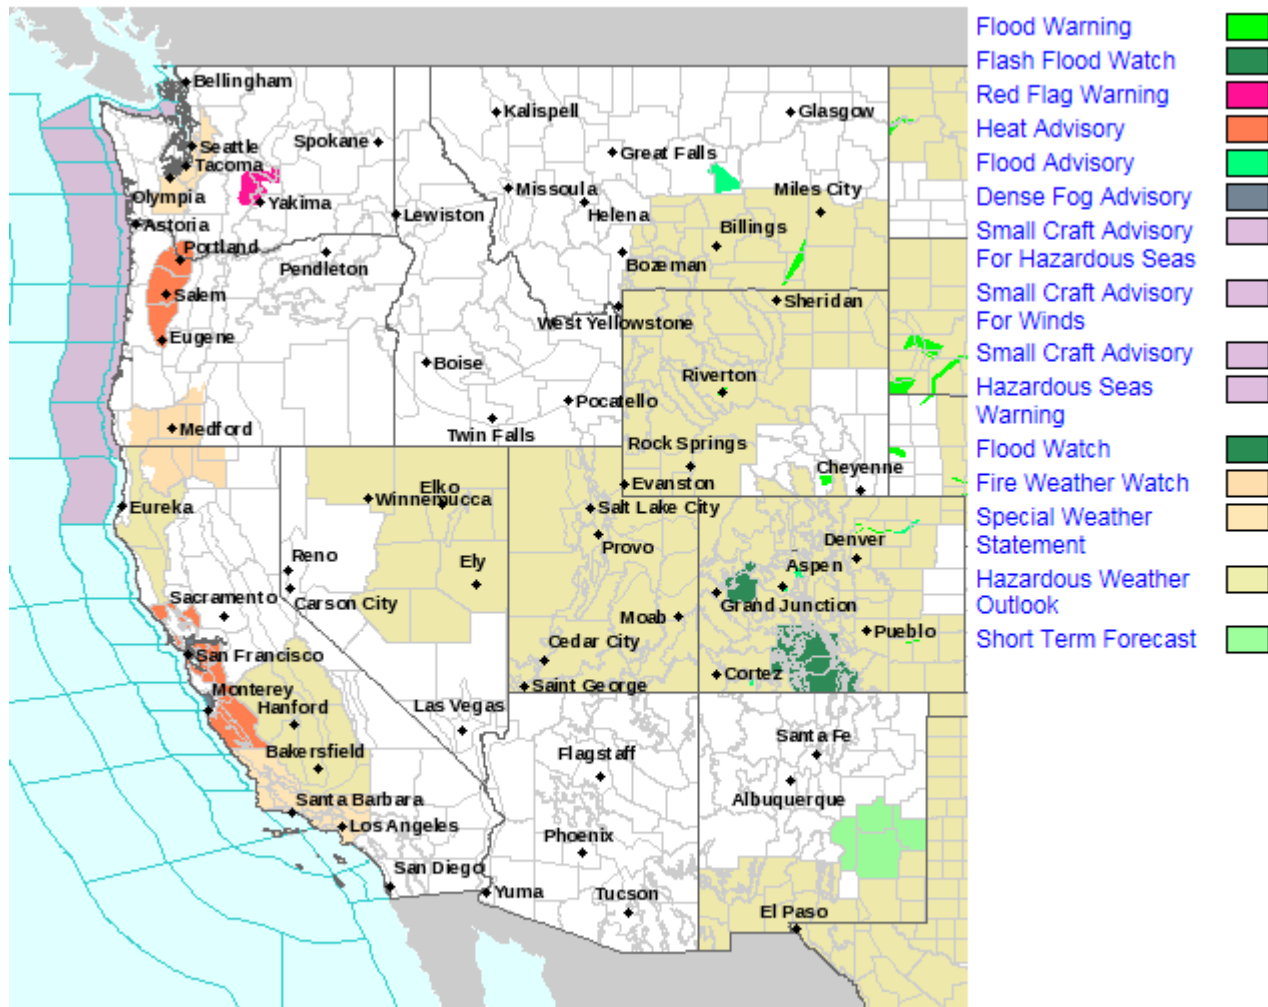

#### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

Very warm and dry for inland areas today. For tonight through Tuesday, moisture from the remnants of Hurricane Blanca will spread northward into the southwestern states. This will bring increasing humidities and a chance of showers and slight chance of thunderstorms. Locally heavy rainfall is possible mainly Tuesday afternoon near the mountains. A slight chance of thunderstorms will continue for the mountains on Wednesday afternoon. For Friday and Saturday moisture behind a weak low pressure system moving through the Great Basin will bring a slight chance of afternoon thunderstorms to the mountains. For next weekend, weak high pressure will bring an inland warming trend with a shallower marine layer for coastal areas.

#### **Southeast California Weather:**

Cloudiness and moisture from the remains of Hurricane Blanca is expected to begin to move northward into the desert southwest today with further increases in moisture and cloudiness to bring a chance of rainfall across the entire region on Tuesday especially across southeastern California along with cooler temperatures. Temperatures will warm a bit on Wednesday and Thursday, with little change on Friday, before cooling back down a bit over the weekend.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

### **Local Emergency Proclamations:**

**A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
